TMD SAS Timeline .....	18
TMD SAS Application Changes .....	19

T M D S A S  
MEDICAL DENTAL VETERINARY

February, 2015

### **A BIG, HUGE, WONDERFUL "THANK YOU!"**

I want to express my gratitude to the TAAHP community for all of the hard work you do throughout the year to assist your students in applying to professional schools. Having been in your role previously, I am always sensitive to the needs and desires that you, as advisors, have. Additionally, the difficult role that you play in the process of professional school admission is crucial for our students.

Thank you for all that you do. The TMD SAS staff is always available to assist you...regardless of your question or concern. We are here to help! Please do not ever hesitate to contact us; our desire is to make your job an easier one in any way that we can.

Cheers to you...have a wonderful TAAHP meeting in Cow Town...and, again, muchas gracias!

J. Scott Wright, Ed.D.

Executive Director, Texas Medical and Dental Schools Application Service

and

The TMD SAS Team:

\* UT Southwestern, UT Medical Branch, UT Medical School at Houston, Texas A&M College of Medicine, and Texas Tech School of Medicine receive additional applications through the American Medical College Application Service (AMCAS) for the MD/PhD programs only. Statistical data for only those AMCAS applicants extended offers are included in this report.

\*\* The offers extended are through February 1st of each respective year and include the pre-match offers and results of the admissions match. Some offers were declined, others will be declined and additional offers may be made from alternate lists to achieve the final EY15 entering classes that will total approximately 1635.

The above data reflects only those applicants who apply through the Texas Medical and Dental Schools Application Service.

Each Dental School receives additional applications from non-Texas residents through Associated American Dental Schools Application Service (AADSAS)

**Statistical data for only those AADSAS applicants extended offers are included in this report.**

\*The offers extended are through February 1st of each respective year.

Some of the offers were declined, others will be declined and additional offers will be made from alternate lists to achieve the final EY2015 entering classes that will total approximately 300 students.

INFORMATION

## MEDICAL SCHOOL ACCEPTANCE POLICIES AND PROCEDURES

---

### Important Dates in EY 2016 Acceptance Process

- ♦ Oct 15: Non-Texas resident and special programs acceptances begin
- ♦ Nov 15 – Dec 31: Pre-match offer period for Texas residents
- ♦ Jan 21: Deadline to submit match preferences – to be entered online by 5:00 pm CT
- ♦ Feb 1: Match results announced (8:00 am CT) and rolling admissions begin

### Pre-Match Offer Choices

- ♦ Applicants may accept offers from more than one medical school during the pre-match offer period without the risk of an offer being withdrawn by a medical school during the pre-match offer period.
- ♦ Applicants should accept all offers received during the pre-match period at the time an offer is received.
- ♦ An applicant who receives more than one offer should decline any offer from a school that he/she definitely does not plan to attend as soon as that decision is made.

### Match Preference Choices

- ♦ Applicants **must** rank **all** schools where they interviewed. All schools must be ranked regardless of whether or not a pre-match offer was received.
- ♦ If holding pre-match offer and also interviewed at school or schools that did not extend offer:
  - Applicant may rank one or more of those schools higher than the pre-match offer school **without risk of losing the pre-match offer**.
  - An applicant holding a pre-match offer who matches to a higher ranked school will automatically be withdrawn from the pre-match offer school. The applicant will also be withdrawn from all other lower ranked schools. The applicant will remain open to be selected by schools ranked higher than the school to which they matched.

---

### Reminders for Students

- ♦ Due to new MCAT score reporting file layout, **all students must re-release their MCAT scores after May 1, 2015**. Scores previously released to TMDSAS **will not** rollover into the EY 2016 application.
- ♦ Applicants are strongly encouraged to educate themselves with the application process by reviewing the [Application Instructions] and [Section Overview] on the TMDSAS website prior to beginning the application.
- ♦ Do not submit any supplemental materials to TMDSAS until the application has been started. Applicants should complete the [Colleges Attended] and [Letters of Evaluation] sections first to create the placeholders for the documents. Once the placeholders have been created, the documents may be sent to TMDSAS.
- ♦ Secondary applications should be completed at the same time as the TMDSAS application.
- ♦ Applicants should notify TMDSAS of any changes to their MCAT/DAT test dates.
- ♦ Send updated transcripts (summer, fall and next spring) throughout application year.
- ♦ Applicants will be able to see what documents have been received when they log into the application by viewing the [Status] page.
- ♦ Remind students they cannot release their MCAT score to TMDSAS until they have received their score.
- ♦ Make sure students accurately enter their AAMC ID so that MCAT scores can be matched to the correct student. Dental applicants should accurately enter their DENT PIN so that DAT scores can be matched properly.

# EY 2016 TMDSAS Timeline

## Entry Year 2016 Application Changes

---

### New Medical Schools

- ❑ Two new medical schools will be available to apply for in entry year 2016:

The University of Texas at Austin Dell Medical School  
The University of Texas Rio Grande Valley School of Medicine

- ❑ The medical schools will not appear on the application until they have received LCME accreditation; therefore, neither school will initially appear on the application.
- ❑ Applicants will be notified via email once each school becomes available for application.

---

### Optional Essay 2

- ❑ Optional Essay 2 – “Personal Characteristics” will now be required.
- ❑ The current wording of the essay prompt is often confusing to applicants; therefore, it will be updated to be clearer. Below is the current proposed wording (may change slightly).

*Learning from others is enhanced in educational settings that include individuals from diverse backgrounds and experiences. Please describe unique personal characteristics (background, talents, skills, etc.) or experiences that would add to the educational experience of others.*

---

### MCAT Score Reports

- ❑ AAMC will be changing the layout of the MCAT score file that they send; therefore, any applicant that has previously released their MCAT score to TMD SAS will be required re-release their score **after** May 1.
  - ❑ Any score released prior to May 1 **will not** rollover into the EY 2016 application.
-
