

## Lake Erie College of Osteopathic Medicine Affiliated Residency Programs

Dear Student Doctor,

In order to prepare you for maximum success in the upcoming NRMP match we have provided you with a composite directory of all LECOM affiliated programs. Please, regardless of the specialty you have chosen, make sure you apply to all LECOM-affiliated programs. These programs want LECOM students and consequently, your chance of matching is **significantly higher**. The match at its most elemental level is an algorithm where the programs all tell you they want you and you tell them the same. It really is a game of chance sadly, with **mutual deception**.

**We assure you at LECOM-affiliated programs do want LECOM students!** We have provided you with all the programs in respective specialties and the contact information for the institution. In addition, we have provided you with the average board scores of **LECOM students** that successfully matched into each specialty. Please review this along with the vast information provided on the NRMP website regarding match statistics before your career counseling session with your Regional Dean.

**To be as blunt as we can your odds of matching are substantially better at LECOM affiliated sites.** Please feel free to reach out for questions to any of us.

Best wishes for a successful match!

Sincerely,

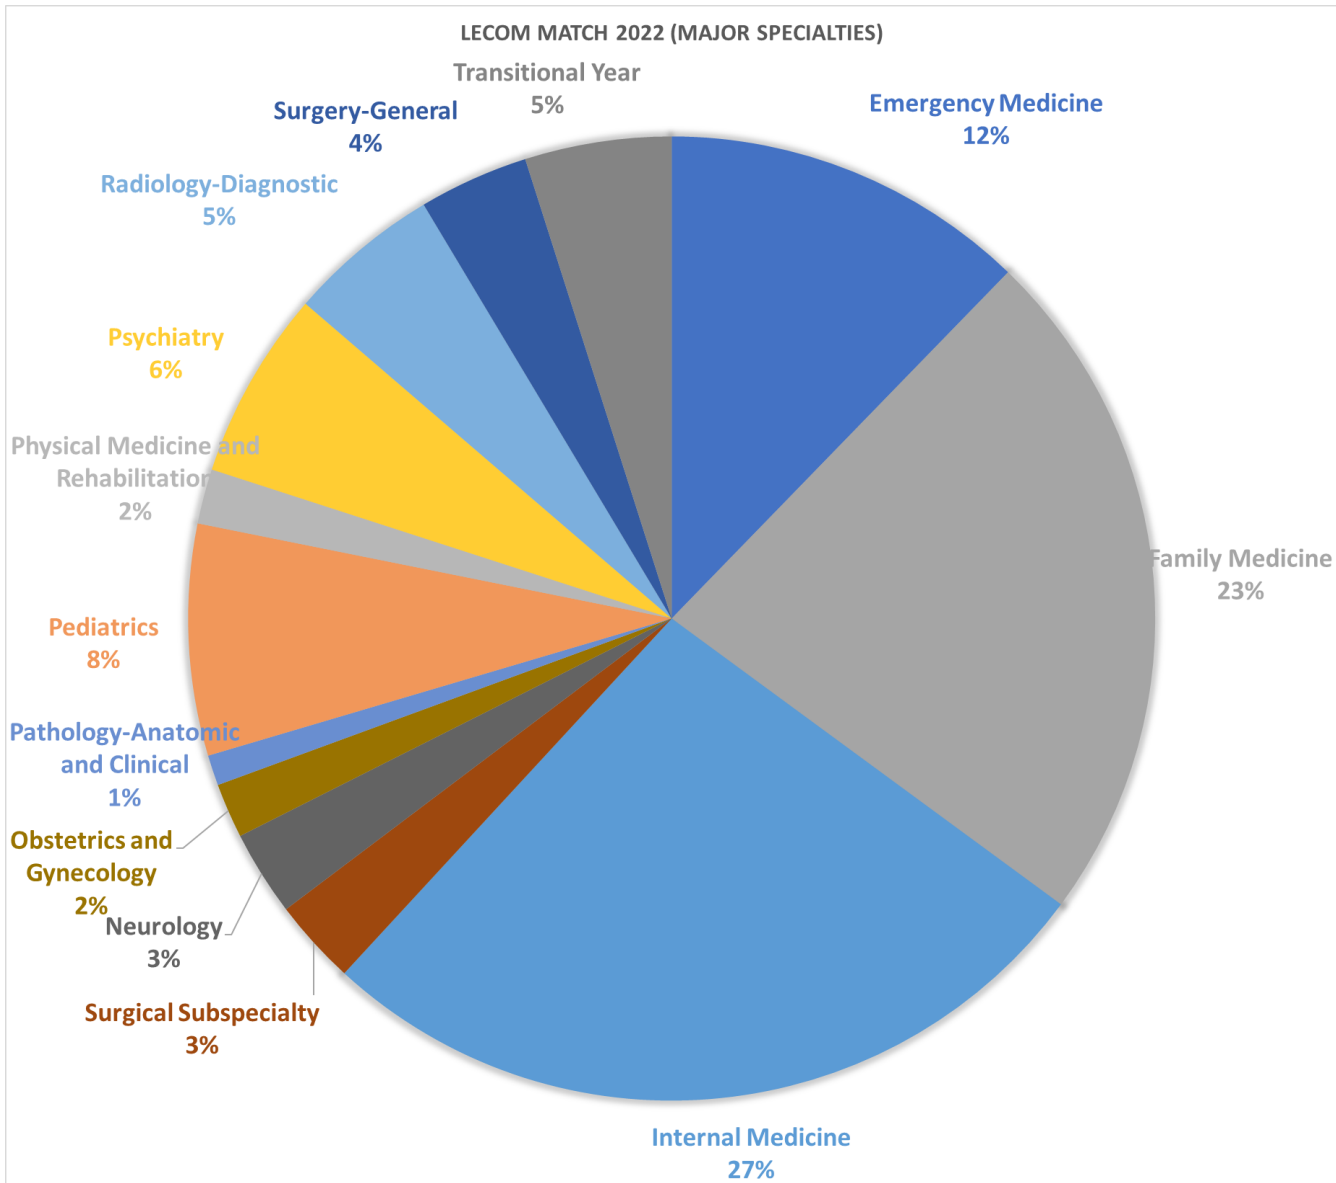

Richard Terry, DO, MBA; Associate Dean of Academic Affairs  
Michael Rowane, DO, MS; Associate Dean of Clinical Education  
Travis Smith, DO; Associate Dean of Clinical Curriculum Integration and Assessment  
Steven Ma, DO; Assistant Dean of Clinical Education  
James Toldi, DO; Assistant Dean of Clinical Education and Assessment

**NOTE:** There are other specialties that there may be limited information on LECOM student placement in that discipline. Please see the sub-specialty list on the next page and discuss those career choices with your assigned Regional Dean.

# LECOM Match Data

## Average COMLEX and USMLE Board Scores Match Data LECOM Sub-Specialties

### LECOM Sub-Specialties Data: Regional Dean Advising

**Background:** There are a number of sub-specialties that LECOM students have entered over the last five years. In order to gain greater insight into national board score ranges, please discuss with your assigned regional dean.

Sub-specialties include:

- Dermatology
- Emergency Medicine/Anesthesiology
- Family Medicine/Emerg Med
- Family Medicine/Psych
- Internal Medicine/Emergency Medicine
- Internal Medicine / Psych
- Internal Med/Psych/Neuro
- Interventional Radiology
- Neurodevelopmental Disabilities
- Neurosurgery
- Osteopathic Neuromusculoskeletal Manipulative Medicine
- Pediatric/Family Medicine
- Pediatric (Child) Neurology
- Pediatric/Psych/Neurology
- Preliminary Neurology
- Radiation Oncology

**NOTE:** There are other specialties not listed above that there may be limited information on LECOM student placement in that discipline. Please discuss those career choices with your assigned Regional Dean.

# Anesthesiology – 4 Programs
