

The Marian University College of Osteopathic Medicine (MU-COM) now offers a Master of Science in Biomedical Sciences. This two-track program offers individuals an opportunity to enhance their application through graduate science courses similar to the first year of medical school. It also provides an opportunity for those interested in pursuing a career in the life/biomedical sciences or research laboratories to complete the entire two-year program to earn a master's degree in biomedical sciences.

All courses are taught primarily by MU-COM faculty, giving students an opportunity to build relationships with faculty who may have shared research interests and allows students to grow academically in an environment focused on the biomedical and life sciences. Students who complete the fall semester with a 3.50 GPA or better, and have completed AACOMAS and MU-COM applications, will be guaranteed an interview during the spring semester.

COURSES ^

MEDICAL SCHOOL TRACK

Fall

Medical Biochemistry (4)
Human Physiology (4)
Seminar (1)

Spring

Medical Microbiology with Immunology (4)
Molecular Biology with Genetics (4)
Seminar (1)

Summer 1

Biostatistics/Intro to Research (3)

TOTAL CREDITS: 21

RESEARCH TRACK

→ All Medical School Track Courses Plus...

Summer 2

Research Methods and Design (3)

Fall

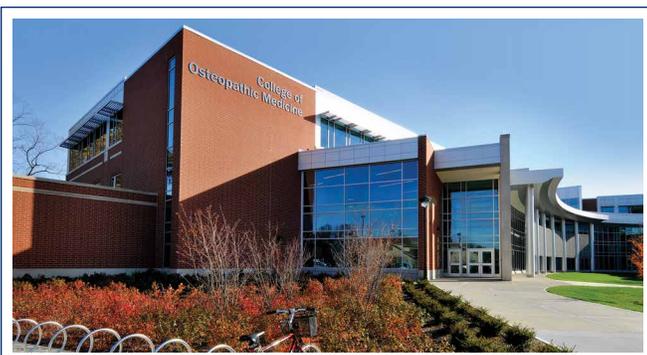

Research (9)

Spring

Research (9)

TOTAL CREDITS: 42

^ Subject to change.

All courses are held in the Michael A. Evans Center for Health Sciences, home of the College of Osteopathic Medicine and the Leighton School of Nursing. The 140,000 square-foot state-of-the-art building was completed in the summer of 2013 allowing technology to be integrated into the education of our students. The Evans Center provides study spaces, two 200-seat lecture halls, four simulation labs, 10 simulated exam rooms, and a chapel.

Admission Requirements

Visit www.marian.edu/medicalschoo for a complete list of admissions requirements.

Medical School Track

Students seeking acceptance into this program must present with an undergraduate GPA of at least a 2.75 and an MCAT of 488 or 18.

Research Track

Those seeking to complete the entire program and earn a Master of Science in Biomedical Sciences, must enter with a GPA of at least a 3.00 and an MCAT of 490 or 20, or a GRE general test score of at least a 290 for the combined verbal and quantitative reasoning sections and above a three (3) for the Analytical Writing section.

Costs

Tuition for the 2016-2017 academic year is \$22,000 per year. Students who are accepted into the second year receive a \$12,000 stipend.

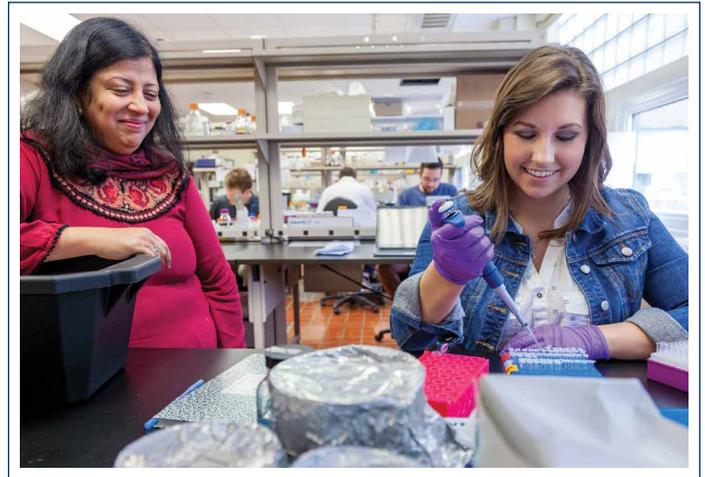

How to Apply

Students who wish to pursue a degree in biomedical sciences should contact MU-COM by phone at 317.955.6297 or via email at COMadmissions@marian.edu.

Benefits

- Enhance your medical school, Ph.D. or other professional school application.
- Guaranteed interview to MU-COM for those with a 3.50 GPA after the first semester.
- Be taught by medical school faculty through a number of unique topics that will strengthen and broaden your scientific knowledge.
- Prepare yourself for the academic rigors of a medical school curriculum.
- Build relationships with MU-COM faculty and network with industry leaders throughout the Indianapolis and state communities.

- Explore different fields in research.
- Gain valuable experience conducting research in our biomedical science lab.
- First-class location. Ranked in 2011 by the *Wall Street Journal* as the life sciences hub of the United States.
