

# EM INTERESTED? SUMMER PROGRAM

## Summer Enrichment Mentorship Program

The St. Barnabas Hospital Department of Emergency Medicine presents a 6-week intensive Emergency Medicine course for underrepresented minorities in Medicine. The goal of the EM Summer Enrichment and Mentorship Program is to provide an in-depth introduction to the discipline of Emergency Medicine and to foster mentorship throughout the process of ultimately matching into the specialty. This program is designed for underrepresented minorities in medicine who have completed their first year in an accredited osteopathic or allopathic medical school.
