

**DENTAL ADMISSION TESTING
PROGRAM**

EXAMINEE'S REPORT OF SCORES

American Dental Association
Department of Testing Services
211 East Chicago Avenue
Chicago Illinois 60611-2637

	<u>Standard Score</u>
Perceptual Ability	26
Quantitative Reasoning	30
Reading Comprehension	24
Biology	28
General Chemistry	30
Organic Chemistry	30
Total Science	30
Academic Average	28

Standard scores used in the testing program range from 1 to 30. Only the standard scores are reported to the dental schools. Through the use of standard scores, it is possible to compare the performance of examinees taking different editions of the Dental Admission Test.

The **Academic Average** is the average of five scores rounded to the nearest whole number: Quantitative Reasoning, Reading Comprehension, Biology, General Chemistry, and Organic Chemistry.

The **Total Science** score is a standard score based on all 100 questions in the Biology, General Chemistry, and Organic Chemistry tests. It is **not** the average of the three science standard scores.

This **Report of Scores** is for your personal use only. A report of scores will be sent to the dental schools that you requested on your application.

Before official DAT scores are distributed to dental schools, the DAT Program audits all responses to items in order to confirm the accuracy of the scores.
