

ALL figures indicated below are for the 2014-15 academic year

This budget information is provided to assist you in estimating your monthly budget and managing your available financial resources (e.g., employment earnings, financial aid, and family assistance) for the 2014-15 academic year. You should refer to the base expense budget given below when estimating your expenses. The average monthly living allowances listed below were derived from the 2014-15 Cost of Attendance figures developed by the Office of Student Financial Services. Your actual expenses may vary from the “average” cost of attendance for your class. Consequently, you should calculate your monthly expenses based upon your anticipated expenses for the 9-month academic year. Remember, your costs and financial aid awards are for the fall, winter, and spring quarters of the 2014-15 academic year (September 2014 to May 2015). The estimated total cost for the 4-year dental program is listed below.
